

READY FOR TAKE-OFF

With AXIS you develop and produce high-end **FLIGHT SIMULATORS** with the most innovative technologies for pilot training. Start with us into your exciting future with great benefits.

Support/After Sales Engineer m / f / d Full-time

With immediate effect, we are looking for an employee to work in the Support/After Sales Department to carry out the commissioning, repairs and maintenance of flight simulators on the premises and on our customers' premises. After comprehensive training, this varied position will include the following:

Your tasks:

- Performance of tests and commissioning of simulators (on the premises and occasionally on our customers' premises)
- Fault finding and troubleshooting
- Repair, maintenance and servicing tasks
- Reporting and documentation
- Cross-departmental cooperation
- Active involvement in the further development of the department
- On-call duty

Your profile:

- Completed technical education
- Experience in a similar position
- Significant solution, customer and service orientation and a troubleshooter mentality
- Interest in cross-departmental activities (technology, development, production)
- Interest in the further development of the department (fault databases, analysis and tuning tools)
- Good organisation skills, an economic way of thinking and a professional attitude
- Interest in aviation and aviation training an advantage
- Willingness to travel and written and oral business English

We offer:

- A highly motivated team in which your commitment is appreciated
- Flexible flexitime model and home office option
- Good public transport connections, free parking
- Coffee, tea and seasonal fruit
- Team events and further training opportunities
- The opportunity to put your product developments into operation on site with our national and international customers

Does this appeal to you? Then apply online on our homepage <https://www.axis-simulation.com/de/karriere/#jobs> or send us your application to: career@axis-simulation.com

The minimum monthly gross salary for this position is € 2.570,99 according to the collective agreement (metal industry). **Depending on qualifications and professional experience, we offer you a market-based salary.**
