

# READY FOR TAKE-OFF

With AXIS you develop and produce high-end **FLIGHT SIMULATORS** with the most innovative technologies for pilot training. Start with us into your exciting future with great benefits.

## Cockpit Systems Engineer m / f / d

For this position we are searching for a team member to support the aviation engineering team:

- Modelling of aircraft systems, based on:
  - Aircraft manuals
  - Flight Tests
  - Scientific Research
- Integration and acceptance tests of simulated aircraft systems:
  - Integration with Cockpit Hardware
  - Integration with OEM Avionic Systems (ARINC, AFDX, Discretes)
  - Integration with proprietary software modules
- Internal and Customer acceptance:
  - ATM creation and execution
  - In plant acceptance testing
  - Onsite acceptance testing

### Your profile

- Deep understanding of aircraft and relevant systems
- Deep understanding of the operation and qualification of a full flight simulator
- Matlab / Simulink
- High interest in cockpit systems and aircraft operation
- Experience in scripting languages (python, shell)
- Experience in simulation of control systems
- Independent working style and solution oriented
- Team player and open to new solutions
- Willingness to travel
- Work with web based tools to track requirements / test progress (nice to have)
- Coding skills (C/C++) (nice to have)

### We offer

- A highly motivated team in which your commitment is appreciated
- Flexible flexitime model and home office option
- Good public transport connections, free parking
- Daily meal allowance, coffee, tea and seasonal fruit
- Team events and further training opportunities
- The opportunity to put your product developments into operation on site with our national and international customers

Does this appeal to you? Then send us your application to: [career@axis-simulation.com](mailto:career@axis-simulation.com)

The minimum monthly gross salary for this position is € 2.570,99 according to the collective agreement (metal industry). **Depending on qualifications and professional experience, we offer you a market-based salary.**
